The church accepts no responsibility for loss or damage to items left in the hall.

i. Insurance.

- Public liability insurance - The public liability (third party) insurance under the Church's Parish Guard policy provides an indemnity to the PCC as property owners if held legally liable for accidental bodily injury to members of the public, or accidental damage to their property while the premises are being hired.

Note: *This insurance, however, doesn't extend to indemnify any outside groups hiring the premises.*

- The hirer is to confirm on the application form that they have public liability cover for their activities while the church premises are being hired.

Note. *Most organisations that operate on a regular basis are likely to have insurance cover and any individuals hiring the premises for a private function should check with their household insurers to ensure that the public liability cover would extend to include the organising of such an event.*

Child protection. The hiring of church premises to children's groups is a common scenario for many churches. We do, however, consider it good practice for the PCC to obtain written confirmation from any such group that it has a child protection policy and that it uses the Disclosure and Barring Service (DBS checks).

Security - Users are to ensure that all lights and electrical sockets are switched off, windows closed, and outside doors are locked when leaving the building. Ensure that internal doors are unbolted. Please carry out these security checks whether or not there is a later occupant.
